

Showing Area and Perimeter

Launch Question: Today we are going to be working with materials to show measurements of two shapes. Can you tell me how these two shapes compare?

Task:

Use square tiles, wikki stix, and scissors to show the area and perimeter of each shape

Summary Questions:

Can you show us how you displayed area and perimeter?

How did you choose the materials for each measure?

How are the two measurements different?

How do the shapes measurements compare?
